On Saturday, **May 8th 2010** Qatar Chapter had its annual Officers and BOG members' election. Eleven local ASHRAE members will serve the Qatar Chapter during the year 2010 – 2011. The Chapter has agreed earlier to reduce the number of Board members from 14 to 11. The new Board has one new member (Er. B Durairaj). Below is the list of the Chapter's new Officers and BOGs and Chapter committee Chairpersons.

With the support of all new Officers and Board members, we will be able to push Qatar Chapter another step forward toward serving the local ASHRAE members and non-member professionals for the ultimate benefit of Qatar and our profession. I take this chance to invite all members and non-members associated with the Chapter to communicate with the Board members on any idea that could help us to provide better services.

Sincerely

Ramiz Gabriel
