The newsletter committee expresses its deep gratitude to KEO International for sponsoring printing 75 hard copies of each issue for distribution during Chapter events.

YOUR DONATED HANDBOOKS ARE FINDING GOOD USE

During the past months, the Student Activity Committee of Qatar ASHRAE Chapter came with an initiative to the local members to donate their old ASHRAE handbooks for distribution to the educational institutions and engineering students.

As anticipated, the local members responded to our initiative. So far, the Chapter received a total of 24 donated handbooks (each cost US\$195 to purchase).

The Chapter is in the process of donating these handbooks to institutions and individuals where they can be of great use.

The College of The North Atlantic's library was the first institution to receive a complete set of the donated handbooks (ASHRAE – Fundamental, Applications, Refrigeration and Systems handbooks).

The Chapter will keep accepting donated handbooks from our local members. Members interested to donate their handbooks to the Chapter can communicate with Seenu Pillai – ASHRAE Chapter Secretary and Student Activities Committee Chairman (e-mail: seenrajan@gmail.com)

ASHRAE PRESIDENT , LYNN BELLENGER, VISITING DOHA

Mrs. Lynn G. Bellenger
P.E. Fellow ASHRAE
ASHRAE President
2010—2011

October 4th – 6th 2010, ASHRAE President “Mrs. Lynn Bellenger” will visit Doha. The two days visit will be dedicated to meet with the local Chapter’s BOG. Mrs. Bellenger will be our guest speaker at the ASHRAE Qatar Chapter event on October 5th 2010.

Representatives from the local authorities, government bodies, the technical institutions in Qatar, private consulting and contracting professionals and local ASHRAE members will attend the event.

On its ongoing effort to serve the local construction community and young engineers, the ASHRAE Qatar Chapter aims to benefit of this visit to enhance the Chapter’s commitment to serve the local professional community and introduce ASHRAE and its local chapter to more professionals and decision makers within Qatar and the region.

ASHRAE members will receive more information about the visit by e-mail during the coming week.

2-3 OCTOBER 2010
ASHRAE RAL CRC MEETING CAIRO — EGYPT

Qatar Chapter will participate in the coming ASHRAE Region-At-Large (RAL) CRC meeting. The meeting will take place in Cairo during the period 2-3 October 2010.

ASHRAE RAL including all ASHRAE Chapters outside North America (total 18 Chapters). Members may visit the RAL web site to get more details about this important ASHRAE region. <http://www.ral.ashraeregions.org>

The term Chapters Regional Conference ("CRC") defines a meeting of all the chapters of the region. The Chapters Regional Committee conducts the orientation session, caucus, executive session and business meetings. The conference also includes workshops, technical sessions, technical tours, addresses by Society officers, regional award presentations and offers opportunities for regional fellowship. The Chapters Regional Conference (CRC) is intended to provide a forum for the dissemination of information pertaining to chapter and regional activities.

The CRC help to provide a medium for:

1. Chapters to report their activities for the previous year and establish goals for the coming year.
2. Regional officers to report their activities and plans.
3. Society officers to inform the region of Society plans, review chapter activities within the region and participate in workshops.
4. Chapter delegates to submit motions for proper review.
5. Chapter delegates to present nominees for Society and regional offices and candidates for honors and awards.
6. Conducting chapter workshops that will educate and prepare officers and committee members to fulfill their responsibilities.
7. Conducting technical sessions on subjects that will educate as well as increase attendance.
8. Organizing social activities that will increase attendance and promote camaraderie.
9. Recognizing and presenting awards to chapter and regional members.
